

## The Ultimate, High-Performance Peachtree Accounting Solution

Has your business evolved to a point where your current software doesn't meet your needs? Do you require a solution that ties all your business functions together so your team will operate as one? Or do you simply require more users and better performance at a cost-effective price? If yes, then Peachtree by Sage – Quantum 2010 may be your solution.

### Meeting the Changing Needs of Your Business

Peachtree offers you Accuracy, Control, and Results, plus the analysis tools you need to make better decisions. With tools such as:

#### Internal Accounting Review<sup>1</sup>

Run up to 15 checks on your data at any time, to find potential mistakes.

#### Audit Trails

Record changes to transactions and track each entry by user to deter fraud.

#### Analysis Tools

Keep up-to-date on your financial health with the Cash Flow Manager.

Analyze your business performance or see how you compare to similar companies in your industry with Peachtree Business Analytics<sup>2</sup>.

### The Cost-Effective Solution

With Peachtree Quantum, you will experience a new level of accounting and business management...all at a cost you can afford! In addition to the accuracy, control, and results you need, Peachtree Quantum offers more with access to:

- Industry-specific product capabilities for Manufacturing, Construction, Distribution, and Nonprofits

### Centralize Your Business Operations

In today's environment you might be looking for more out of your accounting solution—more efficiency and the ability to streamline more of your business functions into one collaborative solution—for less money than comparable solutions. Peachtree Quantum 2010 offers new features to help you change the way you currently run your business, such as:

#### NEW! Dashboards

**My Dashboard:** Now every user can create their own personalized dashboard to help them get organized and focus on what matters most.

**Customer Management Center:** Save time by viewing the details you need all in one place to better manage and serve your customers without missing a beat.

#### Order Process Workflow

Track of all the moving parts of your order process so nothing gets missed and everything moves along as planned. Also, notify the next person in the process, with a status and specific notes as needed.

One centralized place to keep track of all process statuses, or just your own tasks.

#### Multi-User Management

All the tools you would expect in a multi-user system, such as:

- Access to a 10, 15, 20, 30, or **NEW!** for 2010 - 40 licensed, named user solution<sup>3</sup>
- Strong role-based security
- Optimized database capacity<sup>4</sup>
- Send notifications to other users that they need to log out of Peachtree, or if necessary, manually log them out

### Peachtree Business Care Plan<sup>5</sup> Included with Peachtree Quantum

One year of unlimited<sup>6</sup> access to our highest level of Support Specialists via phone and e-mail

All product updates and upgrades that are released within 12 months of your purchase date

24/7 access to the Peachtree Knowledge Center, our online resource center for helpful tips and tricks

Access to online training sessions

**1** Sage is not liable or responsible for any fines or penalties that may result from errors in your company accounting records. The Internal Accounting Review is not intended to uncover all questionable transactions. **2** Internet access required. Service is embedded within Peachtree 2010, however is also available for Peachtree 2008 and 2009 products via a separate application download from [www.peachtree.com](http://www.peachtree.com). **3** Multi-user licenses available in packs of 10, 15, 20, 30, or 40. A maximum of 40 licensed, named users is allowed. Only the first 40 named users selected in the user maintenance screen are considered licensed, named users. **4** Peachtree does not impose a hard limit on database capacity, however, individual performance will vary depending on actual number of transactions, database size, and number of concurrent users. Data management efficiencies are also realized in the Peachtree 2010 products. **5** The Peachtree Business Care Plan (which includes product upgrades, updates, and customer support) will be renewed automatically each year on the anniversary date of your purchase unless you terminate your agreement prior to that date. Renewal is not required to continued access to product updates for supported versions. **6** Support Specialists are available from 8:30 a.m. until 8:30 p.m. ET Monday-Friday, and reserve the right to limit a call to one hour or one incident. **7** Performance results are based on recommended system requirements for Peachtree Premium Accounting 2010. Results may vary based on configuration, size and content of data file, and system and network traffic. For information on testing environment refer to [www.peachtreequantum.com/test10](http://www.peachtreequantum.com/test10). **8** Requires Microsoft Outlook 2002, 2003, or 2007; Outlook Express 5 or 6; or other MAPI compliant e-mail programs. **9** Requires Microsoft Excel, Word, or Outlook 2002, 2003, or 2007. **10** Compliant tax forms and tax tables require a subscription to Peachtree Simple Payroll. For details see [www.peachtreepayroll.com](http://www.peachtreepayroll.com) or call 877-231-3761. **11** Outlook Sync supported in Exchange 2000 SP2, 2003, and 2007 **12** Microsoft Windows XP Home Edition and Windows Server 2000 not supported.
